

COMPREHENSIVE CANCER CONTROL COALITIONS  
NATIONAL PARTNERS  
ADVANCING HEALTH EQUITY

*SESSION ONE-SETTING THE STAGE*

Shonta Chambers, MSW, Moderator

Patient Advocate Foundation

November 12, 2020

# Terminology

# HEALTH

Not merely the absence of disease but the presence of physical, psychological, social economic and spiritual well being

*World Health Organization*

# RACISM

An ideology of inferiority that is used to justify the unequal treatment of members of groups defined as inferior, by both individuals and social institutions”

*Book: Mindfulness-Based Treatment Approaches: Clinician's Guide to Evidence Base and Applications (Ruth Baer)*

Levels of Racism:

- Personally mediated
- Internalized
- Institutionalized

# JUSTICE

- The quality of fairness
- The principle of moral rightness; equity
- Conformity to moral rightness in action or attitude

# SOCIAL JUSTICE

- *Social justice is the view that everyone deserves equal rights and opportunities —this includes the right to good health*  
*American Public Health Association*
- The application of principles of justice to the broadest definition of society
- Implies
  - ∞ Equity
  - ∞ Equal access to societal power, goods and services
- Universal respect for human and civil rights

# Health Equity

*is achieved when all people have the opportunity to attain their full potential and no one is disadvantaged from achieving this potential because of their social position or other socially determined circumstances.*

*Centers for Disease Control and Prevention*

\*Social justice framed definition

A Venn diagram consisting of three overlapping circles. The top circle is labeled 'Health Equity', the bottom-left circle is labeled 'Social Justice', and the bottom-right circle is labeled 'Public Health'. The circles overlap in the center, and each pair of circles also overlaps. The background of the diagram is a light gray with a faint, repeating pattern of stylized leaves and flowers. The entire diagram is set against a dark red background with a colorful, abstract pattern.

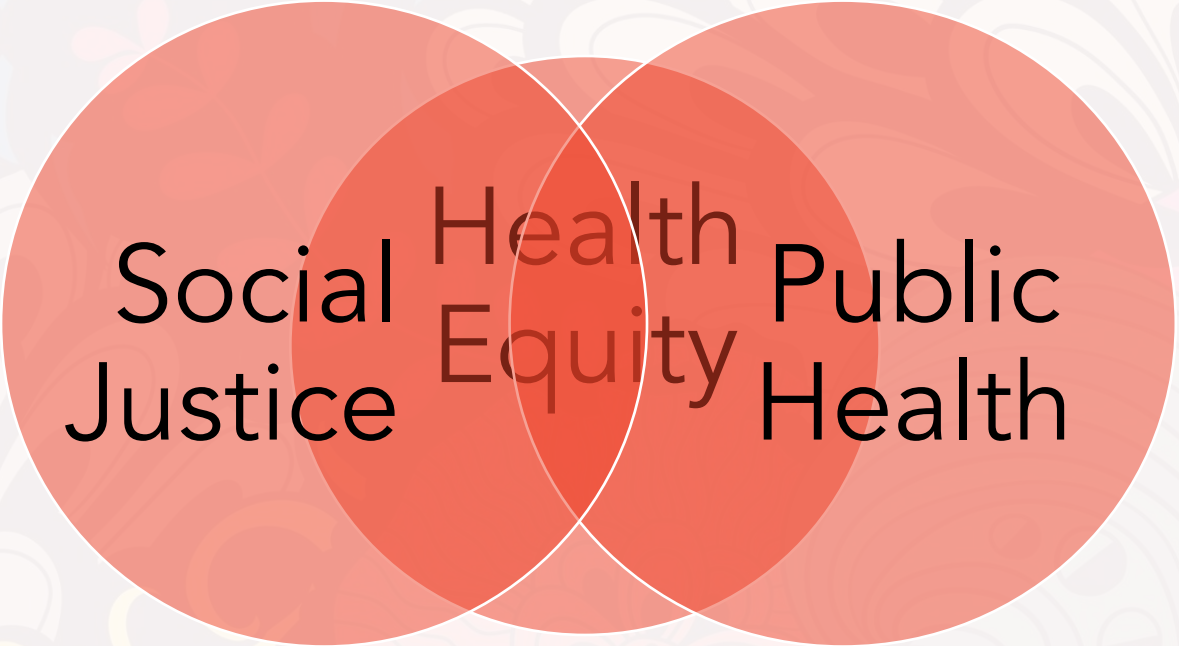

Health  
Equity

Social  
Justice

Public  
Health

Public health, social justice and health equity are inseparable. Justice is central to the mission of public health and has been described as the field's core value.

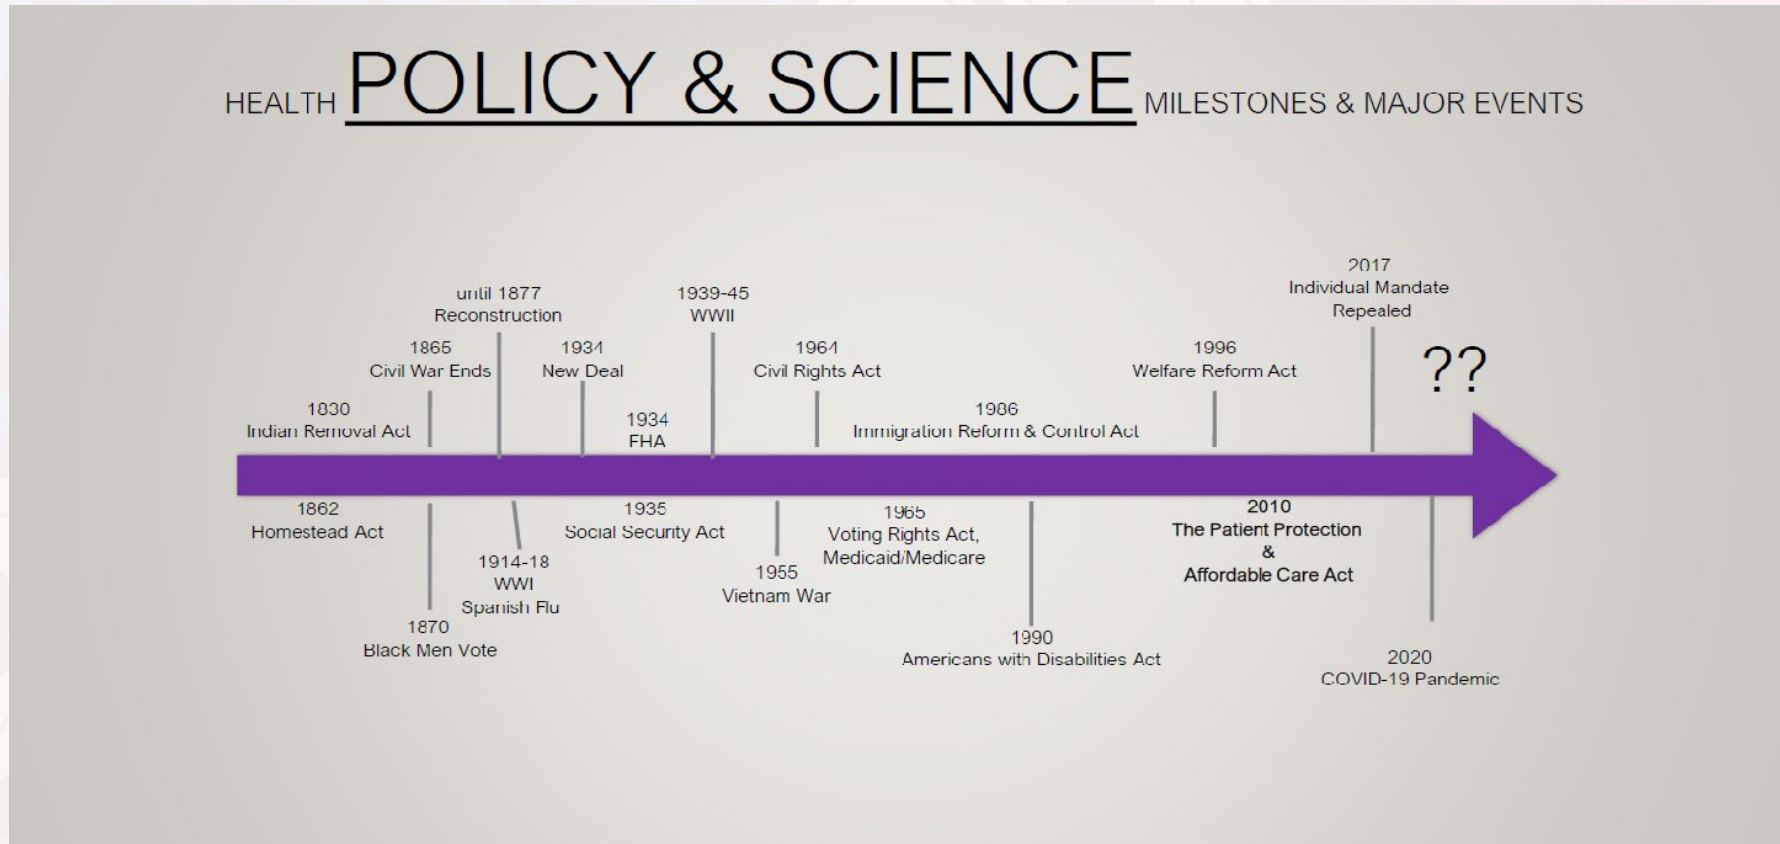

TWO CRITICAL ASPECTS OF JUSTICE:  
HEALTH IMPROVEMENT FOR THE POPULATION  
*(PUBLIC HEALTH LENS)*

FAIR/EQUITABLE TREATMENT OF THE  
DISADVANTAGED  
*(SOCIAL JUSTICE LENS)*

# How did we get here?????

Adopted from: Mia Keeys, Dir. Of Health Equity Policy & Advocacy, Center for Health Equity-American Medical Association

Figure 1  
**Social Determinants of Health**

Economic Stability	Neighborhood and Physical Environment	Education	Food	Community and Social Context	Health Care System
Employment	Housing	Literacy	Hunger	Social integration	Health coverage
Income	Transportation	Language	Access to healthy options	Support systems	Provider availability
Expenses	Safety	Early childhood education		Community engagement	Provider linguistic and cultural competency
Debt	Parks	Vocational training		Discrimination	Quality of care
Medical bills	Playgrounds	Higher education		Stress	
Support	Walkability				
	Zip code / geography				

**Health Outcomes**  
 Mortality, Morbidity, Life Expectancy, Health Care Expenditures, Health Status, Functional Limitations

Health Equity

## Upstream Strategies to consider:

- Improve data inclusion and on racial minority and ethnic groups, LGBT, and other unrepresented populations
- Identify and ameliorate patterns of systemic disadvantage(including institutional policies)
- Improve public health systems
- Reduce socio-economic disparities
- Address health determinants

# Resources

Networking2Save: CDC's National Networks Approach to Preventing and Controlling Tobacco-related Cancers in Special Populations supports a consortium of eight national organizations to advance the prevention of commercial tobacco use and cancer in populations experiencing tobacco- and cancer-related health disparities.
