

# How is Colorado Advancing Health Equity

---

# Disclaimer

---

What have we done?

---

# Education/Practice

## Bias in Healthcare at our Quarterly Meeting

- Presentation on implicit bias in healthcare
- Race Implicit Associations Test

<https://implicit.harvard.edu/implicit/selectatest.html>

LGBTQ+ focused session

# Cancer Plan and Cancer Fund Grantees

## Intentional funding opportunities

- MI Interview training to increase cancer screening rates
- HPV vaccine education (Latinos, Immigrants,
- Skin cancer education program for Latinos
- Encouraging healthy behaviors in American Indian cancer survivors
- A culturally relevant survivor retreat for latinos
- Breast cancer screening for low income latinas (not eligible for BCCSP)
- FIT card distribution and process for low income latino populations

What are we planning to do?

---

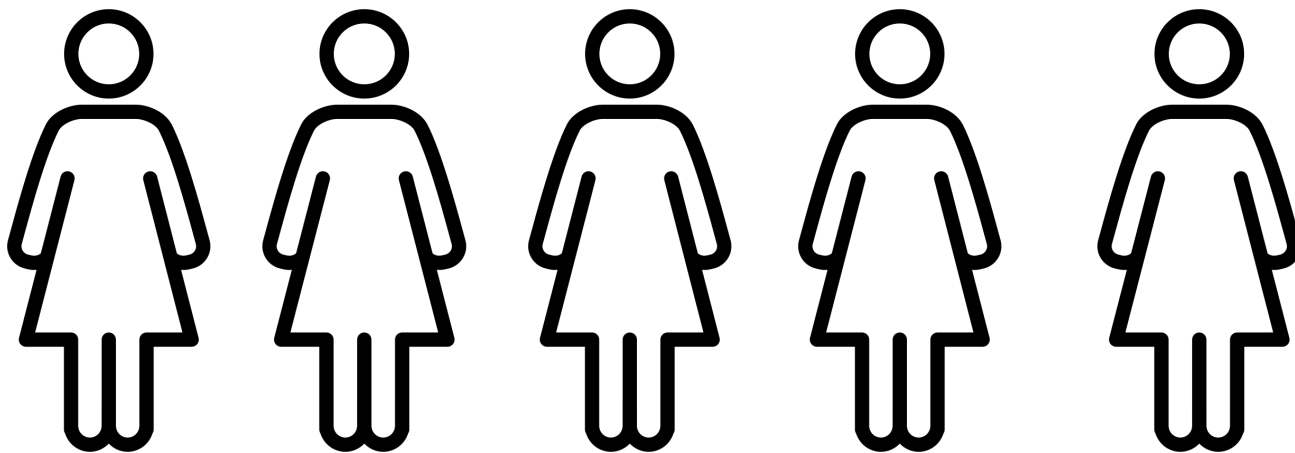

# Coalition Engagement

Re-engaging BIPOC health focused organizations into our coalition membership

- Who is missing and why don't they feel comfortable being here?
- What is our value proposition for each specific org?
- Do we have a warm lead?

# Coalition Leadership

Reflection on our lack of diversity

# Cancer Plan Public Comment

Intentional outreach during the public comment period

# Education/Professional & Personal Development

A practice based workshop series in 2021 for Coalition Steering Committee members

Other possible ideas.....

---

# Personal Reflection

A book club to discuss BIPOC books on anti-racism and/or inequities in healthcare

- Social media to post snippets to facebook and twitter as we read (and/or have good discussion questions come up) to keep the conversation going and extend the conversation to social media.
